**A RENDERED SERVICE AGREEMENT**  
 - PAPERBACK BOOK PRINTING & DISTRIBUTION ONLY -

**TERMS AND CONDITIONS**

**RECITALS**

- 1) We agree that our rendered service to you is to **"ONLY PRINT AND/OR PUBLISH YOUR BOOK"** in paperback or saddle stitch form as requested, and that you understand that this is what "Self-Publishing" really is; you being the publisher of your own work and that we're only acting as your outsource caretaker for the printing, publishing, and distribution outlet for your manuscript/book; whichever route that you so choose. This contract has a one year renewable \$35 time limit; with or without an ISBN or Distribution, which is also to your option.
- 2) **THERE IS A ONE TIME \$99 DOLLAR RENDERED SERVICE FEE FOR THIS CONTRACT.** That means we will also ensure the book's formatting and printing in order to create a physical book only. There are no editing, proofreading or design changes; which are optional, no ISBN (*but you can provide us with your own*), no distribution; which is also optional, and no marketing. We will provide you with one free complimentary book, and you can request for these other options as stated. (See Sec. 3). You are in total control of your own work.
  - a) However, we will provide you with a free consultation/critique of your work prior to submitting it for book printing, in this way you can determine if your book needs any corrections prior.
- 3) **IF YOU WANT AVAILABLE DISTRIBUTION FOR YOUR BOOK** there will be a \$40 dollar yearly service fee for using the database system through us. This means that you will receive 100% Royalty per book sales through any distribution outlet. You're also in control of this payment feature as well.
  - b) Note: Royalties are not generated off of retail pricing. What this means is that when there is a book sale, the bookstore, the printing and distribution companies are expected to receive their pay in the cookie jar, and then the client receives the balance left inside of that cookie jar which is considered a publisher compensation net; the royalty balance of what is left. This is paid to you on a monthly basis when books are sold.
  - c) Your book will be set on a global distribution level where your book will be made available to be requested at almost any online and brick & mortar bookstores in the world such as, Amazon, Barnes & Noble, Books-A-Million, Powell Bookstore, Book Nook Booksellers, and many more, including distributors such as Ingram, Baker & Taylor, and Partners.
    - i) **IMPORTANT!** - You must supply your own ISBN for global distribution to work.

- ii) You can always add distribution to your book later down the road if you like.
- iii) But, once you place your book into global distribution *your book is no longer a print only status*, therefore if you decide to stop distribution services and go back into just book printing, there will be a \$40 dollar penalty surcharge because of the pullback. Otherwise, your book will discontinue altogether.
- iv) Any “Post Revising” after approval from the author/publisher (you) when the work went into publication, the client (you) will be subject to a \$150 dollar post revision fee.

**d) These Pattern Questions below are to let us know exactly how your book should be printed and/or published.**

- i) Printed *means* that your book is not going to be created for public availability at booksellers which doesn't require an ISBN. Only to be created for you or your organization's personal sale or usage.
- ii) Published *means* making your book available to the public through distribution channels for booksellers which requires an ISBN.
- iii) What is an ISBN? An ISBN is a 13 digit code that identifies the book and the publisher of the book.

(1) Note: The copyrights identify the owner of the book which should be on the copyrights/copy page inside the book itself.
